Plastic Surgery Education (<http://www.plasticsurgeryeducation.com>) is redefining and refining how we plastic surgeons train!

With a crisp, structured library of high definition & clinically focused surgical videos, Plastic Surgery Education brings to you the most practical and precise insights in reconstructive surgery.

Every video blends academic rigor with practical clarity, ensuring that each video is both time-efficient and deeply informative. Whether you're preparing for presentations, engaging in academic discussions, or planning your next surgery, this portal provides refined, real-world insights that strengthen technique and confidence.

We invite you to explore the vast content library and experience a new standard of crisp, high-quality surgical videos tailored for both trainees and practicing plastic surgeons.

Happy Viewing!

Decision Making In Lower Extremity Reconstruction: From Dilemma To Decision - The Thought Process

A focused, case-based session crafted for plastic & reconstructive surgeons. This course simplifies the complexity of lower limb reconstruction into structured, practical decision-making.

This isn't just a flap atlas: it's a thought process!!

You'll gain insight into real-life decision-making.

The kind that matters in the Operation theatre and day to day practice!
With a focus on clear planning, anatomical reasoning, and case-based discussion, this course will help sharpen your reconstructive thought process!

Discussion With 75 Clinical Cases
4 Questions For Decision Making In Lower Limb Reconstruction
Decision Making For Knee Defects
Decision Making For Upper Third And Middle Third Defects
Decision Making For Lower Third And Sole Defects

Comprehensive Video Atlas Of Upper Extremity Flaps & Procedures

Free Flap	Arm, Elbow & Hand Defects - Flaps	Thumb Defects - Flaps	Finger Defects - Flaps	Distant Pedicle Flaps	Tenosynovitis	Others
RAFF	LD Muscle	FDMA	VY Neurovascular	Groin	Adult Trigger Finger	Syndactyly
ALT	LD Myocutaneous	FDMA-bilobed	Lateral VY	Abdominal	Paediatric Trigger Finger	Carpal Tunnel
Fibula	Reverse Lateral Arm	Dorsocubita I/Brunelli	Cross Finger & Reverse dermal cross finger		Dequervains	Dupuytren's - Fasciectomy
	Reverse Radial	Radial Thenar/Moschella	Thenar			Glomus Tumour Excision
	Propeller - Ulnar A	Dorsoradial Forearm	Quaba & Extended Quaba			Dupuytren's – Needle Aponeurotomy
	Brachioradialis	Moberg	Retrograde Advancement			Anterior Transposition – Ulnar Nerve
	PIA/AIA Flap		Digital Artery Perforator			AIN To Ulnar Nerve Transfer
			Ulnar Digital Artery Perforator			Ray Amputation
			Reverse Homodigital			Radial tunnel – PIN Release

Master Class on Perforator Propeller Flaps From Concepts to Clinical Mastery

Perforator-propeller flaps are often underutilized in clinical practice. Many surgeons perceive them as complex or risky, prone to complications and technically demanding.

This focused Masterclass aims to change that perception.

Join us for an intensive, clinically driven program that covers the entire spectrum of perforator-propeller flaps from fundamentals to surgical techniques which spans reconstructions across all anatomical areas.

This exhaustive Masterclass on Perforator-Propeller Flaps will include focused lectures on core concepts and operative videos of Perforator – Propeller flaps providing practical insights across diverse anatomical regions. The core concepts and videos are strategically grouped for easy browsing.

Welcome to the Masterclass on Perforator Propeller flaps. Happy Viewing!

Core Concepts
History & Evolution of Perforator – Propeller flaps
Nomenclature /Classification of Perforator – Propeller flaps
Advantages & Disadvantages of Perforator – Propeller flaps
Preoperative evaluation for Perforator – Propeller flaps
Planning, Designing & Bio-Geometry of Perforator – Propeller flaps
Technical Considerations in Perforator – Propeller flap harvest
Perforator – Propeller flaps for Face
Perforator – Propeller flaps for Upper Extremity
Perforator – Propeller flaps for Trunk
Perforator – Propeller flaps for Lower Extremity
Perforator – Propeller flaps for Post Burn Reconstruction
Avoiding & Managing Complications in Perforator – Propeller flaps

Operative Videos
Perforator Propeller Flaps for Face
Propeller flap for Cheek/Eyelid
Propeller flap for Medial canthal defect
Propeller flap for large nasal defect
Nasolabial perforator flap for intraoral reconstruction
Perforator Propeller Flaps for Upper Extremity
Propeller flap for dorsum hand defect
Propeller flap for wrist defect
Quaba – Propeller flap
Extended Quaba – Propeller flap
Digital artery perforator flap
Ulnar digital artery perforator flap for little finger
Perforator Propeller Flaps for Trunk/Bedsore
SCIP Propeller flap for Labia Majora contracture
SGAP Propeller flap for pressure sore
Perforator Propeller Flaps for Lower Extremity
ALT Propeller flap for knee defect
AMT Propeller flap for knee defect
Medial Sural Artery Perforator based Keystone for Proximal tibia
Peroneal Artery Perforator based Keystone for Proximal tibia
Propeller flap(PTA) for Ankle defect
Medial Plantar artery perforator flap for tendoachilles defect

Comprehensive Video Atlas Of Tendon Transfers

Videos
Principles Of Tendon Transfer
Lasso Procedure For Claw Hand
Brands Extensor To Flexor Many Tailed Tendon Transfer Using Fascia Lata Extension
EIP To EPL Transfer
Opponensplasty
Half FPL Transfer
Tibialis Posterior Transfer For Foot Drop

Comprehensive Video Atlas Of Post Burn Reconstruction

Videos
PBC Elbow Release By Bipedicle Flap
PBC Axilla Release By Subcutaneous Propeller Flap
PBC Knee Release
PBC Finger Release
Ulnar Digital Artery Flap For Little Finger Contracture
Retrograde Advancement Flap For Little Finger Contracture
